- All returns must have an Authorized Product Return application form provided by MTG Customer Service.
- To accelerate the return process, please include the Product Return application form on your returned package.

5.1 Annual Dealer Return Policy / Purification Stock

Any dealer may return 3% of the current year net purchases, except products “not-stock”, in an annual stock purification return if a new order is placed for the same amount returned (in USD). MTG must be contacted to request an Authorized Product Return application form before November 30th. Customer may only return items once per year. Returns of products bought during previous years will not be accepted. Credits issued are material (products) credits and will be balanced with a new purchase order submitted by the customer at the same time of the product return request – no checks will be issued on credit balances. Prices of the returned products are based on the price paid by customer and are subject to a 20% handling charge. All items must be shipped prepaid to MTG’s Spain warehouse and have a return authorization number.

Returns will not be accepted on material that: a) has been welded or altered in any manner; b) has been subjected to misuse, misapplication, or used on excessively worn adapters or lips; c) has not been invoiced to the company making the return; d) has been factory modified or specialized.

5.2 Return of items ordered in error or refused by customer

The return authorization of these items must be requested within 15 days of the date of invoicing. Products must be shipped prepaid to MTG and have an authorized Product Return Authorization form. Products returned are subject to a 20% handling charge. MTG must be supplied with original invoice numbers and dates.

5.3 Unauthorized Returns

Unauthorized returns will be treated as an annual dealer return; items are subject to the same restrictions outlined in section 5.1, but are subject to an 80% restocking charge.

6. WARRANTIES

All MTG products have been subjected to very strict quality control measures during the manufacturing process in order to offer the highest quality product. Nevertheless, if any manufacturing defect is detected, please fill out the “ISC-046 Product Warranty Application Form” (located in the back of the price list) including a photograph of the part. The complete form can be sent to MTG by fax or mail. E-mails with complete information (including pictures) are encouraged. Customer should keep all warranty-replaced parts until the Regional Manager in charge has inspected them.

- The warranty is null and void in cases of misuse, negligence, accident, overload, welding and incorrect installation.
- The warranty refers only and exclusively to the replacement of a product in case of manufacturing defects.
- The warranty is valid for six months after the receipt of the goods.
- All warranty-replaced parts will stay property of MTG and in every case MTG will be able to ask for the return of any broken part. If an analysis should be necessary, MTG will pay for the transportation costs.

7. CREDIT LINE
